JURISMUS one step ahead

Dear Colleagues

The Board and I are very glad of this new Jurismus International meeting, organized by ARPA ABOGADOS CONSULTORES, with the help of Diane TRIES, Secretary General of EUROJURIS INTERNATIONAL.

Born in 2001, JURISMUS is now able to make young lawyers bring a European business culture, a network, and innovation to their lawfirms.

Furthermore, on the Firm side, the JURISMUS activities increase fame and business opportunities and can be a factor of loyalty.

We have been growing up within the EUROJURIS INTERNATIONAL network and we are willing to take part intensively to the development of the firms and networks. Sure we have been setting up the new generation of EUROJURIS leaders!

Take the opportunity to join the Network and see you in Pamplona!

JURISMUS: LAWYERS under 40!

In consideration with the diversity of legal careers and jobs through Europe, Jurismus International now welcomes lawyers up to 40 years old.

Jurismus, EUROJURIS Young Lawyers Community

Jurismus is an international association of active young lawyers employed in one of the 650 law firms taking part in Europe's biggest law network, Eurojuris International.

Jurismus derives its status from EUROJURIS INTERNATIONAL and is thus a sub group of EUROJURIS INTERNATIONAL. However, Jurismus acts as an independent association with its own objectives, activities, and organisation.

Jurismus has more than 100 active members under the age of 40 in 19 different European countries, including members or correspondents in most Eastern European countries.

Alex CASTRO
ARPA ABOGADOS

welcome to pamplona!

A very unique experience will take place in Pamplona in July 2009!! And YOU are more than welcome to join us!

Learning how to approach and negotiate with foreign entrepreneurs is essential for all those firms with an international interest. Although nowadays there are less borders for people to do business all over the world, not all of them know the tips to make a good impression within the culture they are either approaching or approached by. Those tips about protocol within different countries and more so within market leading countries, will be put forward in the JURISMUS INTERNATIONAL MEETING at Pamplona.

You will learn the benefits from investing in a Spanish county with the best tax allowances in the country. The congress will take place in Navarre which is a Spanish county that keeps their own tax legislation among other advantages, which makes it quite attractive for foreign companies to invest.

You will have the chance to find out how the region's entrepreneurs invest in your country as well as the opportunity to offer your assistance for their business abroad. The NATIONAL RENEWABLE ENERGIES CENTRE (CENER) will open its doors only for JURISMUSERS, you will discover what the novelties in such industry are and will have the chance to offer your collaboration to CENER's lawyers for future projects. And DO NOT miss the SAN FERMIN FESTIVAL!!! A once in a lifetime experience accompanied by locals!!! Accommodation and Congress will be located in Olite a nearby medieval village.

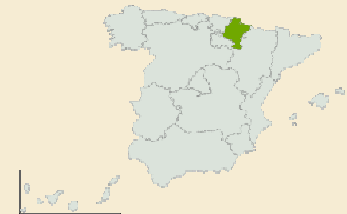

COME ALONG!!! BE QUICK! First come first served!!

Alex CASTRO
alex.castro@arpa.es

Location

The 2009 Jurismus Congress will take place in Olite, a little medieval village within the region of Navarre. Olite is approximately 40 km away from Pamplona, which is the capital of Navarre. Some of the activities will take place in Pamplona as well.

All the working session will take place in the state run hotel of Olite, which is located in the also called "Old Palace". This Palace was built in the 12th century and it is located nearby the Castle.

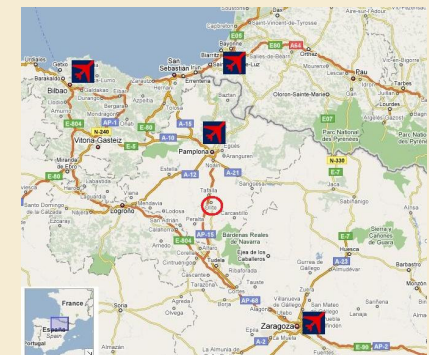

transport

In order to facilitate the attendee's arrival to Olite, there are 4 airports available where they can fly to:

- Pamplona
- Bilbao
- Biarritz
- Zaragoza

It is advisable to fly to the first two airports and this is because such airports offer more connection flights, and they are also the closest ones. Upon arrival, attendees will be picked up and taken to their hotel. Depending on their flights schedule they will be picked up either by bus, microbus, car... In order to save the attendees money, transport will be arranged for all of them from and to the airports, at the only cost of 65€ per attendee.
